What is your soul correction? What is your soul's purpose?

Author: Sophie

Soul correction is a distinction from Kabbalah.

Is it the truth? No, it isn't... but it is a good guidance. Why? Because it points to the main weaknesses, delusions, distortions, mistakes you have that correcting them will take you high... very high, on the vibrational scale.

Is it easy? No, it is wicked hard.

Is it worth it? Hell yeah.
